

Press Release

Cosmos Business Systems submit an offer for the public tender of BRFAA

Athens, 18/10/2017

Cosmos Business Systems S.A. has submitted an offer to the open **tender** launched by the **Biomedical Research Foundation Academy of Athens (BRFAA)** entitled "**Supply of Hyper-calculus Genomic Analysis System**".

The object of the project is to create a High Performance Computing array for data management and to address the continuous influx of information from the MiSeq, NextSeq500 and HiSeq400 sequencers that are used to map the genome.

With the new HPC system, all of this data will be processed simultaneously and in a short space of time to avoid bottleneck from producing multiple data in processing a portion thereof at a time, and the analysis process will be completed in one reasonable time.

In addition to COSMOS BUSINESS SYSTEMS S.A. in the competition also participated FUJITSU S.A. & SPACE HELLAS.

Cosmos Business Systems S.A. is one of the main complete IT, software and communication solutions provider in the Greek market.

Its turnover in 2016 was €24 million and its target market is the middle and large corporations of the Private Sector, Banking, as well as companies in the Public and Utilities sector.

Cosmos in 2017 completes 29 years of continuous operation.
