

Press Release

Project Avaya IP Telephony of Cosmos Business Systems with the Cyprus Institute of Neurology & Genetics

Athens, 26/10/2017

Cosmos Business Systems AEBE has signed a project contract with the **Cyprus Institute of Neurology & Genetics** for the procurement, installation, configuration and training of Integrated IP Telephony System, including three years of maintenance.

The project consists of Unified IP Telephony Platforms (Software & Materials) for approximately 300 users (with expansion plans) offering the most up-to-date applications of **Avaya**, upgrading the entire infrastructure of the Institute.

With this project, **Cosmos Business Systems** and its subsidiary **CBS IT Systems Cyprus Ltd** further strengthen their position in the field of Unified Communication Voice, Data and Image, which is the central pillar of the technology of the future.

Cosmos Business Systems S.A. is one of the main complete IT, software and communication solutions provider in the Greek market.

Its turnover in 2016 was €24 million and its target market is the middle and large corporations of the Private Sector, Banking, as well as companies in the Public and Utilities sector.

Cosmos in 2017 completes 29 years of continuous operation.
